The main sights are the **Grand Square - the heart of Sibiu**, where the **Brukenthal Palace** is located, one of the most important baroque monuments in Romania. Also the **Lesser Square** reveals its best known treasure, **Liar's Bridge**.

Day 2 - From Transylvania to Wallachia

After breakfast we shall embark on the tour bus and follow one of the "**greatest roads in the world**", as the producers of the popular British show **Top Gear** have called it after using it in one of their shows. It is the **Transfăgărășan alpine road**, the second highest in Romania, reaching an **altitude of 2034 m**, where the beautiful Bâlea glacial lake is located.

We shall stop there for lunch at **Ceaușescu's** (the former communist dictator) **hunting lodge**, while admiring the breathtaking Bâlea glacial valley. From here the road is descending into wild Wallachia, through thick pine forests until we reach Vidraru - one of the largest dam lakes in Romania, where we will have a short stop for pictures.

Further down the road, on a bold peak, the **Poienari fortress** arises.

This was the second residence of Vlad The Impaler. It was built by the ruler himself, has 5 towers, and its walls are 2-3 meters thick.

Our last stop for the day will be at **Curtea de Argeș**, one of the former capitals Wallachia. There shall visit one of the most famous churches in Romania, through the legend of Ana, the woman inmured alive in the walls of the cathedral. Accommodation and dinner.

Day 3 - From Curtea de Arges to Sinaia

After breakfast we embark on the bus and head to **Bran**, where we have the chance to experience the history, the myth, the intrigue and the magic of the wonderful Bran Castle. It was built in 1212 as a fortress and gained importance during medieval times when Bran became a customs locality between Transylvania and Wallachia. The famous **torture chamber** is more of a legend, while the secret passage way through which Vlad the Impaler escaped on one occasion can be visited as well as most of the castle.

After lunch, the next stop will be at Rasnov, at the **Rasnov Fortress**. The Rasnov fortress' history goes back to 1211 when it began to be built as a part of the defence system of the village. It was used as a backdrop in the Oscar winning film Cold Mountain.

Day 4 - Back in Transylvania, from Sinaia to Sibiu
